Pet's Health and Disposition

Panhandle Paws of Hope cannot guarantee the health or disposition of any foster animal. We do not have past records for these animals and there may be some risk associated with taking in foster animals. Family pets should be current on all shots and foster pets should be kept isolated from your family pets if you suspect they may have an illness.

PPOH is not liable for any illness or expenses you may incur from your own pet contracting an illness from a foster animal. ALL ANIMALS IN YOUR HOME MUST BE UP TO DATE ON ALL VACCINATIONS PRIOR TO TAKING IN A PPH FOSTER PET.

Compliance with Law

For purposes of leash and restraint laws, the City of Amarillo recognizes the foster as being responsible for the animal. City ordinance requires that animals must be properly restrained and confined. In order to comply with local laws and ensure the safety of the animal, it is crucial for animals to be in a home or fenced yard, and on a leash when outside the foster's premises. Failure by a foster to properly restrain or confine an animal could result in the City issuing a citation to the foster. **PPH is not responsible for any citations issued due to the foster's failure to comply with the law.** A foster's failure to comply with law or receipt of a citation could result in PPH requesting return of the animal.

Transfer of Animals

Animals cannot be transferred to the custody of any other person without prior consent and permission of Panhandle Paws of Hope.

Return of Animals

All the pets in the Panhandle Paws of Hope foster program are the property of PPH and must be returned within 24 hours of request.
